

# Emsworthy Mire - 21st May 2026

At 10:00 12 members of Taunton Photography Group (plus a couple of partners and dogs) met at the car park just past Haytor to receive a short briefing from Trip Leader, Richard Martin, before making our way across the moor to Emsworthy Mire where we enjoyed a couple of hours photographing the bluebells and the iconic red roofed barn.

Then we went to Hound Tor for a picnic lunch before spending time photographing the rocky outcrops, local wildlife and other subjects.

Our disappointment at finding the coffee wagon at Hound Tor closed was somewhat soothed by a lovely Cream Tea at Ullacombe Farm Shop on the way home.

Everybody agreed what a wonderful day had been had with plenty of laughs and sharing of knowledge.

The following images harvested from the Group's social media feeds illustrate the wide range of subjects available and the different ways that different photographers chose to

veto interpret the scene. Photographer credits to Suzanne Hancock, Richard Martin, Andy Mayson, Andrew Stoodley and Steve Wilcox.
